

# When you collect your medicine you may want to ask:

- **What is the medicine for?**
- **What is its name?**
- **How and when do I take it?**
- **How long do I need to take it for?**
- **What could happen if I stop taking it?**
- **What are the side effects? What should I do if I get these?**
- **I am on more than one medicine – can you help me manage them?**
